

North Tyneside SEND Youth Forum

Update Winter 2019

We are a group for young people age between 11-25 with Special Educational Needs and Disabilities (SEND).

We meet on the second Tuesday of each month at North Tyneside Council offices between 5-7pm. If you want to improve services, tell others about your ideas and voice what's important to you please join us!

We proudly collected the award for North Tyneside SEND Team

Norma Redfearn, Mayor of North Tyneside presenting the Innovation Award at North Tyneside Council Customer Service Award ceremony

SEND JOINT SCHOOLS COUNCIL

Have pop up stands with information at parents evenings

Make a video, play it in school assemblies

Students on the SEND Joint Schools Council met with managers from Health, Education and Social Care to share views on North Tyneside's Local Offer. It was agreed that we should create a video promoting the Local Offer to young people and their families.

We are planning an event in March to share our ideas. Would you like to be involved?

Know us well and making friends were important themes across the days

Young people from the SEND Youth Forum, Joint Schools Council and Addison St Short Break Service came together to work with KIDS (a national organisation commissioned to improve youth voice for children with SEND) They discussed what was important to them and experienced different ways to share their ideas.

Well done Katie!

KIDS introduced the young people to a range of 'icebreaker' activities. Katie from the SEND Youth Forum has been supporting students in Northumberland to get involved with the 'Making Participation Work' programme

Contact the team

If you would like to be involved contact the team for a registration pack.
